A message from Assistant Secretary of State Mark Neary

On behalf of the Office of the Secretary of State, I am pleased to present the 2020 General Election Voters' Pamphlet. We offer this comprehensive guide as a reference to help you find information on the candidates and statewide measures that appear on your ballot.

This general election gives you the opportunity to have a say in our government at the local, state, and national levels, and to choose who will serve as our nation's next president. In order to have your voice heard, you must be registered to vote. Voter registration forms that are mailed or completed online must be received by October 26, and we encourage you to check your registration information today at **VoteWA.gov**. If you are reading this message after October 26 and you are not registered, have moved since the last time you voted, or did not receive a ballot, you can go to your local elections office or voting center during regular business hours through 8 p.m. on Election Day to register to vote and receive a ballot.

Once you have completed your ballot, you can send it via U.S. mail — no postage needed — but remember, all ballots must be postmarked by November 3. A late postmark could disqualify your ballot. The USPS recommends that you mail a week before Election Day. After that, we recommend using an official ballot drop box. Drop boxes are open until 8 p.m. on November 3.

We are committed to ensuring a safe and secure election for all Washingtonians, especially during this challenging time. Returning your ballot through the mail or at one of nearly 500 ballot drop boxes statewide can help you maintain proper social distancing and stay healthy. To locate a ballot drop box, visit **VoteWA.gov**. For more information about COVID-19, visit **coronavirus.wa.gov**.

Sincerely,

Mark Neary
Assistant Secretary of State

Explanatory Statement

Written by the Office of the Attorney General

The Law as it Presently Exists

School districts may choose to provide, or not to provide, sexual health education. Parents or legal guardians may have their children excused from any planned instruction in sexual health education.

If the school district offers sexual health education, it must be medically and scientifically accurate. It must also be age-appropriate and appropriate for students of any gender, race, disability status, or sexual orientation. It must include information about abstinence and other methods of preventing pregnancy and sexually transmitted diseases. It cannot consist only of information about abstinence.

A school may choose to provide comprehensive sexual health education using separate outside speakers or a prepared curriculum. Sexual health education must be consistent with guidelines developed by the state Department of Health and the Office of the Superintendent of Public Instruction. The Superintendent of Public Instruction and the state Department of Health must make these guidelines available on their web sites.

The Superintendent of Public Instruction, consulting with the state Department of Health, develops a list of sexual health education curricula that are consistent with state guidelines. State law encourages school districts that choose to offer sexual health education to review their program and choose a curriculum from the state list. School districts may choose or develop any other curriculum that complies with state law.

Any parent or legal guardian may review the curriculum offered in their school district.

The Effect of the Proposed Measure if Approved

The Legislature recently passed a bill that would change the law about sexual health education. If the voters approve Referendum 90, then the law would change as described below. If the voters reject Referendum 90, then the law will remain as summarized above.

Referendum 90 would require public schools to provide comprehensive age-appropriate sexual health education. Parents and legal guardians would continue to have the choice to exclude their students from sexual health education.

Comprehensive sexual health education would mean

age-appropriate instruction in human development and reproduction. Districts would use curriculum, instruction, and materials that are medically and scientifically accurate. The instruction must use language and strategies that avoid discrimination against any student. Comprehensive sexual health education must include information about affirmative consent and bystander training. This means teaching about a conscious and voluntary agreement to engage in sexual activity as a requirement before sexual activity.

The curriculum, instruction, and materials would vary by grade level. For students in kindergarten through grade three, it must be instruction in social-emotional learning that is consistent with standards and benchmarks established by the Office of the Superintendent of Public Instruction. For students in grades four through twelve, it must include information about six topics. These are:

- The physiological, psychological, and sociological developmental processes experienced by an individual;
- The development of intrapersonal and interpersonal skills to communicate, respectfully and effectively, to reduce health risks, and choose healthy behaviors and relationships that are based on mutual respect and affection, and are free from violence, coercion, and intimidation;
- Health care and prevention resources;
- The development of meaningful relationships and avoidance of exploitative relationships;
- Understanding the influences of family, peers, community, and the media throughout life on healthy sexual relationships; and
- Affirmative consent and recognizing and responding safely and effectively when violence, or a risk of violence, is or may be present with strategies that include bystander training.

The law would phase in over time. Public schools must provide comprehensive sexual health education in grades six through twelve beginning in the 2021-22 school year. They must begin doing so in all grades in the 2022-23 school year. Public school districts must provide comprehensive sexual health education at least once to students in kindergarten through grade three, once to students in grades four through five, twice to students in grades six through eight, and twice to students in grades nine through twelve.

The Office of the Superintendent of Public Instruction must keep training materials up to date. Public school districts may either choose a curriculum from the list

developed at the state level or choose other curriculum. A district choosing a curriculum that is not on the state list must make sure that it complies with state law and consult with the Office of the Superintendent of Public Instruction. The Office of the Superintendent of Public Instruction must provide technical assistance to public schools.

At the beginning of the 2021-22 school year, public schools must let parents and legal guardians know that they will provide comprehensive sexual health education. The district must provide access to all such course materials that it will use during the school year.

Public school districts must report to the Office of the Superintendent of Public Instruction the curricula used to provide comprehensive sexual health education. The report must describe how it aligns with state law requirements. The Office of the Superintendent of Public Instruction must summarize this information and report it to the Legislature.

Fiscal Impact Statement

FISCAL IMPACT SUMMARY

Engrossed Substitute Senate Bill 5395 was enacted in the 2020 legislative session, but has not gone into effect because the voters submitted petitions to refer the measure to the November 2020 general election ballot. If the voters approve the referendum, ESSB 5395 would go into effect. There would be no fiscal impact to state government in the 2019–21 biennium and ongoing. There would be a fiscal impact to local government (school districts), but the impact is indeterminate. There are no known state or local revenue impacts that would result from the passage of this measure.

SUMMARY

Referendum 90 places Engrossed Substitute Senate Bill 5395 (ESSB 5395) onto the 2020 general election ballot for approval or rejection by the voters.

Beginning September 1, 2021, ESSB 5395 would require every public school district to offer comprehensive sexual health education from a list of curricula provided on the Office of Superintendent of Public Instruction's (OSPI) website, or choose their own curricula using a tool provided by OSPI. Additionally, OSPI would be required to report to the Legislature data collected from school districts about the curricula they used to provide comprehensive sexual health education. Section 1(5)(a) of ESSB 5395 requires the Department of Health (DOH)

to consult with OSPI on the development of a list of comprehensive sexual health education curricula that are consistent with the 2005 guidelines for sexual health information and disease prevention and the Washington state health and physical education K–12 learning standards.

GENERAL ASSUMPTIONS

- If approved, the effective date of the referendum is December 3, 2020.
- The fiscal estimates use the state's fiscal year of July 1 through June 30. Fiscal year 2021 is July 1, 2020 to June 30, 2021.

REVENUE

The referendum has no known state or local revenue impact.

EXPENDITURES

A vote to approve the referendum would result in no costs for state government, specifically OSPI and DOH. School districts may incur costs, but those costs are indeterminate and are dependent upon local decisions regarding the adoption process and training for any new curriculum adopted.

State expenditures

Curricula. OSPI currently offers a list of curricula as part of its open education resources. There is no additional cost associated with maintaining sexual health education curricula.

Review Tools. OSPI currently offers a review tool for districts to use when selecting comprehensive sexual health education. The tool would require very little modification to be used as directed in the bill. There is no additional fiscal impact related to staff time to accomplish this work.

Data Collection. OSPI currently collects district-level data related to comprehensive sexual health education. No expenditure impact is anticipated as a result of this additional data collection requirement.

Reporting: OSPI is currently required to report on sexual health education to the Legislature. The time involved in reporting the results of the data reporting is already believed to be captured; therefore, no expenditure impact is expected.

School district expenditures

Curricula. School districts may use free sexual health education curricula that is available. Any curricula costs for districts not currently offering comprehensive sexual health education, or not using curricula that meets the standard in ESSB 5395, would be discretionary. Should districts choose curricula at

a cost, two federally-funded grant programs are available to provide financial assistance to districts for implementation. DOH administers the Personal Responsibility Education Program (PREP), and Planned Parenthood of the Great Northwest and Hawaiian Islands administers the Teen Pregnancy Prevention Program (TPPP). Both are funded by the U.S. Department of Health and Human Services Office of Adolescent Health.

Professional Development: ESSB 5395 does not require that districts send their teachers to training or provide any other professional development opportunities in comprehensive sexual health education. Any costs incurred by districts for professional development would be discretionary. To manage discretionary costs, districts could choose to send teachers to professional development opportunities offered by OSPI at no cost.

Districts could incur costs for travel and substitute teacher reimbursement.

Adoption of Curricula. Adoption costs are dependent upon local school district practices. It is assumed that districts changing their curricula will use current adoption processes and available financial resources, therefore, no additional costs will be incurred. However, districts may be impacted by changing their curriculum adoption schedule, substituting the adoption of sexual health education curricula in the place of currently planned curriculum updates. If they choose to add sexual health education curricula to their adoption process, this could result in additional costs for curriculum review, meetings, and public comment. There is no way to estimate statewide costs of the adoption processes; therefore, there is an indeterminate fiscal impact on districts.

Argument for

Approve Referendum 90 for Safe and Healthy Kids

Young people in every community deserve age-appropriate information and resources to make good decisions about sex and relationships, to enable them to protect their health, keep themselves safe, and build their futures. Right now, too many students are not receiving high-quality, medically-accurate sexual health education, putting them at immediate risk of harm.

Approving Referendum 90 will uphold a new Washington law requiring all public schools to teach age-appropriate, inclusive, comprehensive sex education. This starts with social and emotional learning for younger students and includes teaching older students about ways to prevent pregnancy and practice affirmative consent.

It will keep kids healthy

Studies show young people who receive quality sex education are less likely to partake in risky sexual behavior, experience unintended pregnancy, or get a sexually transmitted infection.

Sex education also serves as prevention for sexual abuse and rape

Young people need information and resources about healthy relationships to understand how to respect personal boundaries, ask for consent, and learn how to say and receive a “no.” Kids experiencing abuse urgently need to know how to get help. Children who are being sexually abused often don’t understand what is happening until someone provides them with the tools to communicate with a trusted adult.

This year, parents, educators, and medical professionals from across Washington worked together to pass a comprehensive sex education law. Let’s protect that law, and young people’s futures, by approving Referendum 90.

Rebuttal of argument against

Parents, teachers, and pediatricians know that in states with quality sex education, teens are talking about consent, waiting longer to have sex, avoiding getting pregnant, and keeping themselves safe. R90 gives parents the ability to opt children out if they’re uncomfortable with content, and every district must collaborate with communities on curriculum selection. R90 requires age appropriate education, meaning social and emotional learning for self-control and interpersonal skills in grades K-3. Approve R90.

Argument against

Reject Referendum 90. Overturn the K-12 comprehensive sex education mandate.

The legislature passed a bill mandating a new comprehensive sexual education (CSE) curriculum for all students K-12. Huge numbers of students are failing math, science, and English. Olympia should prioritize improving literacy and helping students graduate, not creating a new mandate.

Reject Referendum 90. Restore local control for parents and local school boards.

The new CSE bill means unelected, unaccountable bureaucrats, not local communities, will develop statewide sex education standards for all students. It requires school districts to adopt a sex education curriculum that meets those standards. Parents and their local elected representatives will have little input in determining how they want their kids to be taught.

Reject Referendum 90. Stop the early sexualization of our kids.

Kindergarteners need to learn social skills and elementary students should focus on fundamental learning. Materials that currently meet state standards include graphic sexual subject matter. These are decisions that should be left to parents and local communities.

Reject Referendum 90. A costly mandate at a time when school budgets are being cut.

State and local budgets are facing massive deficits which threaten funding for basic programs. Schools cannot afford to add an expensive new requirement or design their own sex education curriculum that meets state standards.

Trust parents and local communities to develop school curriculum collaboratively. *Protect Local Control. Reject Referendum 90.*

Rebuttal of argument for

Referendum 90 is a blatant power grab by Olympia bureaucrats to take away parental control and impose a comprehensive sexual education curriculum starting in kindergarten. Parents and local schools are already doing an excellent job at this now. HHS.gov reports that for the last 25 years of available data, Washington’s teenage birthrate *dropped 69%*. Erin’s Law, which passed in 2018, addresses sexual abuse, prevention and online safety. *Vote reject* to retain parental and local control.

This amendment would allow public money held in a fund for long-term care services and supports to be invested by governments as authorized by state law, including investments in private stocks.

Arguments For and Against 25

Final Votes Cast by the Legislature

Senate: Yeas, 45; Nays, 3; Absent, 0; Excused, 1

House: Yeas, 96; Nays, 1; Absent, 0; Excused, 1

The Secretary of State is not responsible for the content of statements or arguments (WAC 434-381-180).

Explanatory Statement

Written by the Office of the Attorney General

The Constitutional Provision as it Presently Exists

The Washington Constitution generally prohibits investing public money in the stock of private companies. This means that state and local governments are limited to investing public funds in fixed-income securities, such as government and corporate bonds and certificates of deposit.

The Constitution currently exempts several funds from this restriction. This exemption applies to any public pension or retirement fund, the industrial insurance trust fund, and money held in trust for the benefit of people with developmental disabilities. The exemption allows state and local governments to invest money held in those funds as authorized by law, including by investing in stock as authorized by the Legislature.

In 2019, the Legislature enacted a law providing for long-term care insurance. Under that law, employees will pay premiums for state-sponsored long-term care benefits through a payroll deduction, beginning January 1, 2022. Those premiums will be deposited into a new Long-Term Services and Supports Trust Account (Trust Account). Under current law, money held in the Trust Account could not be invested in stocks.

The Effect of the Proposed Amendment if Approved

This Amendment would add the Trust Account to the list of funds that are exempt from the prohibition against investing public money in private stocks. This would allow money in the Trust Account to be invested in stock if the Legislature authorizes that form of investment.

Argument for

Washingtonians Support ESJR 8212 – a fiscally responsible investment decision

In 2019, the Washington State Legislature passed The Long Term Care Trust Act to address the growing long-term care crisis. 70% of adults over the age of 65 will require some form of long-term care but 90% are not insured for long-term care. The Long Term Care Trust fund will help families access and afford these critical services with a benefit of up to \$36,500 indexed to inflation. The fund is available to Washingtonians once they need assistance with three or more regular daily activities such as eating, bathing, or help with medications and are vested by paying into the program.

Benefits will begin being paid out in 2025 and do not count as income for determining eligibility for Medicaid or other state safety-net programs.

Voting in favor of this ballot measure helps to ensure the Long Term Care Trust fund can pay benefits to eligible Washingtonians over the long-term. This ballot measure, ESJR 8212, will allow the Long Term Care Trust fund to be included on the list of public funds exempt from current constitutional investment restrictions. If voters approve this ballot measure, the Long Term Care Trust fund could be invested in the same way that pension funds and ABLE funds are currently invested by our state. The Trust is self-funded with an independent commission and the state actuary responsible for regular certification of the program's solvency.

Rebuttal of argument against

Support for ESJR 8212 is the fiscally responsible choice. With voter's approval, funds would be invested like the State pension and ABLE funds are currently invested, which allows for larger investment growth. Through each economic downturn the market has rebounded demonstrating the overall long term strength of the economy. Higher yield investment options are good for the people of Washington and critically important to Long Term Services and Supports programs in the future.

Argument against

In 1889, the wise founders of the state of Washington wanted to protect public funds from potential losses of risky investments so they established safeguards in our state Constitution prohibiting stock market investments of our public funds.

SJR 8212 will overturn that safeguard for our new Long-Term Care Services and Supports Trust Program, a multi-Billion-dollar program established this legislative session in preparation for the coming "Silver Tsunami" of elderly needing services. With so much money in play, we must not lose sight of the stock market's high risk along with the questionable bottom line ethics of some Wall Street brokers.

From 2000-03 the Dow Jones Industrial Average (DJIA) lost a third of its value. Around 2008-09 the DJIA lost half its value during the Great Recession. This year the DJIA fell over 37% in less than six weeks from February 12, 2020 to March 23, 2020. Who knows where it is going from here? The long-term economic impacts of COVID-19 are still unknown.

Your vote is about prudent fiscal management of our tax dollars. A better idea is to invest public money into federal, state and municipal bonds that support public works we all depend on in Washington. They're *safe*. Don't let Wall Street brokers gamble with our hard-earned tax dollars.

The Founders didn't trust the stock market then, and we shouldn't trust it now. Please vote *no* on SJR 8212.

Rebuttal of argument for

Your No vote will protect the long-term stability of the Trust Fund from being gambled on by Wall Street. SJR 8212's passage absolutely does not *guarantee* that long term care benefits will actually be paid out to eligible Washingtonians. Don't gamble with the people's hard-earned money. We can better safeguard our money *and* know that it is being invested in a responsibly prudent way by casting a strong *no* vote on SJR 8212.

The Electoral College is a process, not a place

When you vote for President and Vice President, you determine a group of people called electors (also known as a slate) to represent Washington state in the Electoral College. The electors gather December 14, 2020 to cast votes for President based on the state's election results.

Each major political party chooses their own electors through the caucus and convention process.

Washington has 12 presidential electors

Every state starts with two because every state has two U.S. Senators. Based on population, each state receives an additional elector for every Congressional District.

$$\begin{array}{r}
 2 \text{ U.S. Senators} \\
 +10 \text{ Congressional Districts} \\
 \hline
 =12 \text{ Total electors}
 \end{array}$$

The magic number

There are a total of 538 electoral votes in the nation. A presidential ticket needs at least 270 electoral votes nationwide to win. If no presidential ticket receives a majority of electoral votes, the U.S. House of Representatives elects the President and the U.S. Senate elects the Vice President.

How electoral votes are distributed

Washington state is one of 48 states that uses a "winner-take-all" system; the presidential ticket that wins the popular vote in the state is entitled to all 12 of Washington's electoral votes.

Federal Qualifications & Responsibilities

Except for the President and Vice President, all federal officials elected in Washington must be registered voters of the state. Only federal offices have age requirements above and beyond being a registered voter.

President & Vice President

The President must be at least 35 years old and a natural born U.S. citizen. Voters indirectly elect the President through the Electoral College. The President is elected to a four-year term and cannot serve more than two elected terms.

The chief duty of the President is to ensure the laws of the nation are faithfully executed. This duty is largely performed through appointments for thousands of federal positions, including secretaries of cabinet-level agencies and federal judges (subject to confirmation by the Senate). The President is the commander in chief of the U.S. armed forces, has the power to sign and veto (reject) laws passed by Congress, and makes treaties with foreign governments (with Senate approval).

The Vice President serves as the presiding officer of the Senate. The Vice President becomes President if the office is vacated.

The order of major political parties is determined by the number of votes cast in this state for the President of the United States at the last presidential election. In 2016, the Democratic Party received the highest number of votes in Washington state and must appear on the ballot first.

Independent and minor party candidates follow major parties in the order of their qualification with the Secretary of State. (RCW 29A.36.161)

Congress

The United States' Senate and House of Representatives have equal responsibility for declaring war, maintaining the armed forces, assessing taxes, borrowing money, minting currency, regulating commerce, and making all laws and budgets necessary for the operation of government.

United States Senator

Senators must be at least 30 years old and citizens of the U.S. for at least nine years. Senators serve six-year terms. The Senate has 100 members; two from each state.

The Senate has several exclusive powers, including consenting to treaties, confirming federal appointments made by the President, and trying federal officials impeached by the House of Representatives.

In 2020 there are no United States Senators up for election in Washington state. The next scheduled election will be 2022.

United States Representative

Representatives must be at least 25 years old and citizens of the U.S. for at least seven years. Representatives are not required to be registered voters of their district, but must be registered voters of the state. Representatives serve two-year terms.

The House of Representatives has 435 members, all of whom are up for election in even-numbered years. Each state has a different number of members based on population. After the 2010 Census, Washington was given a 10th Congressional District.

Statement

Former Vice President Joe Biden believes we are in a battle for the soul of this nation. The current president threatens everything we stand for by fanning the flames of hate groups, dividing Americans, and tearing the fabric of the country apart. The stakes in this election couldn't be higher, and nothing will change if we don't defeat the current president.

Joe's parents instilled in him that when you see an abuse of power, it's your obligation to stand up to combat it. That's motivated him his entire life - as Senator from Delaware for 36 years and President Obama's Vice President for 8 years.

Joe stood shoulder to shoulder with President Obama to pass the Affordable Care Act, expanding health care for 20 million people. He wrote and passed the Violence Against Women Act, when domestic violence was considered a family matter. He took on the NRA and won - twice - including passing the assault weapons ban. And, he started talking about climate change as a moral issue of our time far before it was a mainstream issue.

His vision for America is based on equal opportunity for all. Treating everyone with dignity. A middle class where everyone - regardless of race, gender, sexual orientation, or disability - comes along.

As president, Joe will expand on the historic progress of the Obama-Biden administration and rebuild a strong, inclusive middle class. He'll protect and build on Obamacare with a public option. He'll restore our standing in the world.

Joe has a proven ability to bring people together and to deliver for the middle class. At this defining moment in our nation's history, it's going to take Joe's strong leadership to unite America and move our country forward.

Statement

Four years ago, President Donald J. Trump ran on a promise to put America First, and he has kept that promise. President Trump fought the establishment to lower taxes for hardworking middle-class families, create better trade deals that stopped the offshoring of American jobs, and rebuild our military.

President Trump stands by his oath to defend and protect the American people. That's why, as your President, Donald J. Trump has stood up to the radical left that would defund our police, allow our cities to devolve into lawless zones, and make our families less safe.

Lawless zones like CHOP, CHAZ, or whatever the radical left wants to call them cannot be allowed to happen again, and President Trump stands committed to stopping them. These aren't peaceful gatherings of protestors. They are a hotbed of crime, promoting the wanton destruction of our homes, our businesses, and innocent lives.

That's why President Trump stands proudly with our law enforcement who, day in and day out, put their lives on the line to keep our families and our children safe from dangerous criminals. Our men and women in blue deserve a President that has their back, who will work with them to make sure criminals are brought to justice, and not someone that would side with rioters that burn our buildings and destroy our communities.

As your President, Donald J. Trump will continue to deliver on his promise to Make America Great Again, by holding China accountable for the virus they unleashed upon the world. We can and we will defeat the invisible enemy, so we can continue the economic prosperity that President Trump delivered when he was elected.

Vote to put America First and to Make America Great Again. Vote Donald J. Trump for President.

Statement

While 3,000 miles separate Olympia from Washington, DC, it sometimes feels that there is an even greater divide between Washingtonians and the politicians who claim to represent them. The Evergreen State shares a name with our nation's capital, but not the same refusal to try new ideas.

Perhaps that is why more people in Washington state voted Libertarian in 2016 than ever before.

Washingtonians have made it clear they won't wait for the federal government to act, and time and again, they have been ahead of the pace of career politicians. After all, Washington was the first state where death with dignity, marriage equality, and recreational cannabis were all legal at the same time.

Just like those in Washington state, Libertarians know it doesn't have to be this way.

We can reduce healthcare costs without putting government in charge of highly personal medical decisions and creating a one-size-fits-all system. We can prioritize our national security without being involved in unnecessary foreign

wars and stationing troops around the world in dozens of countries away from their families. We can protect our communities without sacrificing freedom through failed initiatives like civil asset forfeiture, no-knock raids, qualified immunity, and the War on Drugs. We can value necessary responsibility for workers and employers without endless barriers of entry to professions and new businesses. We can balance the budget without raising taxes. By ending excessive government overspending, we can also eliminate the federal income tax.

I'm running for President not just to present a new way of addressing important issues. I'm running because Washington state deserves a better way — solutions that create real change for real people.

Our Green Party presidential ticket is campaigning for real solutions to life-or-death issues. Real solutions can't wait!

COVID-19 Pandemic: The ever-growing sickness and death from COVID-19 in the US shows that the two governing parties are presiding over a failed state. Organized countries around the world have suppressed the virus. We will enact a comprehensive Test, Contact Trace, and Quarantine program to suppress community spread of the virus so we can safely re-open the economy and schools.

Police Brutality and Systemic Racism: We call for community control of the police through commissions selected by the community with the power to appoint police chiefs, set policies and budgets, and investigate and discipline police misconduct. We support reparations, including a massive federal investment in jobs, housing, schools, healthcare, and businesses in racially-oppressed communities that have been impoverished by generations of segregation, discrimination, and exploitation.

Economic Inequality: After 45 years of stagnant wages and growing inequality, working-class life expectancy is declining. We will enact an Economic Bill of Rights to end poverty and economic despair, including a job guarantee,

a guaranteed income above poverty, affordable housing, Medicare for All, free public education from pre-K through college, and doubling Social Security benefits for a secure retirement for every senior.

Climate Crisis: We will enact an emergency Green New Deal to achieve zero carbon emissions and 100% clean energy by 2030. We will ban fracking and new fossil fuel infrastructure.

Nuclear Arms Race: We will cut military spending by 75%, withdraw from the endless wars abroad, pledge no first use of nuclear weapons, and disarm to a minimum credible nuclear deterrent. On the basis of these tension-reducing peace initiatives, we will go to the other nuclear powers to negotiate complete and mutual nuclear disarmament.

Statement

The Socialist Workers Party demands the federal government immediately fund a massive public works program to provide jobs at union- scale wages for the millions thrown out of work. The COVID-19 virus has exposed the crisis of capitalism. Workers can build hospitals, housing, schools and day care centers and replace crumbling infrastructure.

The bosses divide working people by scapegoating immigrant workers who they exploit. My campaign demands amnesty for all undocumented workers in the U.S.

Workers Control of Production. Workers need to work! It is only at work that by acting together, we utilize our power and stand up to the bosses. Such resistance has taken place among Walmart workers, fruit packing workers in Yakima, machinists union shipyard workers on strike in Bath, Maine along with copper miners who struck in Arizona and Texas and among workers on the railroads – who all demand safe working conditions, control over line speed, pay raises and forty-hour work weeks.

Our campaign points to what is possible and needed. If workers wrested control of production, we could set up

workplace committees to combat the bosses' production of shoddy goods, expose their waste, as well as protect the environment.

Workers need our own party—a labor party – to fight to take political power out of the hands of the bosses and bankers and the Democrats and Republicans who represent them. We need to emulate what the workers and farmers of Cuba did when they made their revolution in 1959 - -establish a workers and farmers government. We call for arrest and prosecution of all cops who kill working people and we fight against women's oppression and defend a woman's right to choose abortion.

Statement

During this pandemic, families across the 1st Congressional District are struggling and concerned about the future. Now more than ever, we need strong leadership that's focused on helping those in need, protecting health and safety and restoring our economy. As your Congresswoman, I am determined that we come through this difficult stretch stronger than ever. My focus is on putting partisanship aside and delivering results.

The first known COVID-19 case struck in Washington State before anywhere else. President Trump denied the threat and wasted precious time. By contrast, I moved quickly, securing funds to backfill state and local public health accounts. Washington State immediately received over \$11 million, with continued ongoing support. I also advocated for employee retention tax credits to keep an estimated 60 million people employed with benefits. They were incorporated into the pandemic relief Heroes Act.

As the economy reopens we face an uncertain recovery. We need smart, decisive action to restore our economy. My background as a successful businesswoman and entrepreneur means I understand how to bring businesses back and create jobs.

My proposal to expand child tax credits, which could reduce child poverty 38 percent, has been incorporated into pandemic relief legislation. I also developed provisions, adopted last year, to make the process of applying for financial aid easier for students. I've pushed to expand farmers' access to markets, improve access to broadband, and to increase the supply of affordable housing.

My core values remain unchanged. As I have done from the day I took office, I'll protect Social Security, Medicare and a woman's right to choose. I have endorsements from Democratic groups, labor, local leaders and many others.

The fallout from this pandemic is challenging, but I'm committed to putting people back to work and preserving the middle-class. I ask for your support.

As a small business owner, HOA President, and Sultan City Councilmember I have broad experience managing budgets, taxes, and regulations. I have learned how to faithfully represent my community's diverse perspectives, served as its watchdog against wasteful spending, and helped our city achieve its highest bond rating.

Congress is supposed to represent you and work to solve the problems that matter most. Immigration remains broken, Social Security runs out of money by 2035, and our national debt grows by Trillions of dollars every year. It's also clear our nation needs to become more self-reliant, manufacturing more vital goods here and not sending jobs and money overseas.

You deserve a fair, efficient, and effective tax system that supports entrepreneurship, job creation, and everyday taxpayers, while fulfilling societal needs and core responsibilities such as infrastructure - bridges, highways, rail lines, and our power grid. Responsible infrastructure investment may have prevented the I-5 Skagit River Bridge collapse. As a board member of the US 2 Safety Coalition, I was instrumental in acquiring over \$200 Million in safety improvements to our rural highway. I will bring this type of experience to Congress.

I will fight any attempts to weaken or destroy your constitutional rights, especially our 1st Amendment - freedom of speech, assembly, religion, the press and our 2nd Amendment - your right to bear arms to protect yourself and those you hold dear. We should especially serve and lift up our veterans and military families who have sacrificed for all these freedoms.

Finally, I believe that serving in Congress should be a short-term privilege, not a career, with the goal of restoring America to its founding values - a land where everyone has equal opportunity to experience the richness of life, liberty, and the pursuit of happiness. I humbly ask for your vote.

I began trying to make a difference through public service on the Snohomish County Council, and today, it is my privilege to serve as the Representative for Washington's 2nd Congressional District.

Other Professional Experience

I was previously employed by the Port of Everett and the Washington State Dental Association.

Education

I graduated from Pacific Lutheran University in Washington state and have a master's degree from the University of Minnesota.

Community Service

My parents were an important influence on me, encouraging me to be involved in my local community. Their encouragement continues to be a motivation for my service to our communities.

Statement

It is an honor to represent the 2nd District. I am inspired by the strength and resilience of workers, families, students and small business owners across Northwest Washington, whose experiences drive me to fight for an economy that works for everyone.

In our region, that means bringing middle class families better jobs and higher wages, and addressing the economic impact of the COVID-19 pandemic. I am focused on putting the middle class and workers first, fighting climate change and protecting our environment, increasing access to health care and protecting the right to vote.

To compete in the changing global economy, we must invest in education and skills training. I am committed to making it easier and more affordable for workers to go back to school, and for students to get the education they need. I also support bringing science, technology, engineering, arts and math (STEAM) education into our classrooms.

A healthy environment is important to our region's economy and way of life. It is my priority to address the impacts of climate change, ensure the U.S. transitions to clean renewable energy and environmental sustainability, and protect our lands, water and wildlife.

Fighting for middle class families and workers also means expanding access to high-quality affordable health care. I am focused on ensuring veterans get the care they need, lowering prescription drug costs and supporting protections for pre-existing conditions.

I was born and raised in Arlington, and my family has called this region home for more than 100 years. I am committed to building an economy that creates more jobs and opportunities for all. If you feel the same, I ask for your support.

Statement

As a retired Navy Combat Aircrewman, corporate businessman, and involved citizen, Tim wants to bring the people’s perspective back to DC. Tim recognizes Americans deserve accountability and a leaner government that prioritizes upholding the Constitution and serving its citizens. He will work for the People of the 2nd Congressional District, not for lobbyists or PACS.

Economy: Tim believes the more government gets out of the way, the better our economy gets. A strong private sector economy is the greatest way to keep America strong and independent. As Reagan once said, “Government is not the solution to our problem, government is the problem.”

America must no longer depend on importing our essentials from other countries. This recent pandemic has shown how vulnerable we are to China for medicine, essentials, and other goods. Bringing manufacturing back to our country creates more independence, jobs, revenue, and security for all Americans.

Health Care: America has the best health care in the world! We should all be able to afford it by reducing unnecessary regulations and frivolous litigation. Opening health insurance across state lines will free up the capitalist marketplace creating competition and competitive rates. Private insurance brings choice and Americans deserve the ability to choose what is best for them or their business.

Immigration: Immigrants have always added to what makes America great. However, our immigration system is broken. America has the right and responsibility to enforce the laws that work while changing those that don’t. Tim will work to reform the laws that need adjusting, advocating for legal immigration, and work permits utilizing a merit-based system ensuring America welcomes self-supporting individuals that will not depend on your tax dollars to live.

Tim loves WA and his life here, he will represent us while living among us and asks for your vote.

Statement

I am proud to represent and fight for our community in Congress. I came to America by myself when I was 16, and I have been a Seattle resident for thirty years. As your U.S. Representative, I am focused on ensuring everyone has quality health care, securing workers' rights, protecting our environment and public lands, welcoming immigrants, fighting for reproductive rights and LGBTQ equality, making college debt-free, and expanding Social Security and Medicare.

As Co-Chair of the Congressional Progressive Caucus, I introduced legislation to achieve Medicare for All, create tuition-free college, expand collective bargaining, and provide relief directly to workers and businesses during the COVID-19 pandemic. I've taken on other big fights too, including transitioning to a 100% renewable energy future, reforming our elections and getting money out of politics, increasing the national minimum wage, and pushing for humane immigration reform.

During my time as your Congresswoman, I've held 96 town halls to hear from you and fight for priorities like affordable housing and robust public transit and infrastructure. I have helped hundreds of constituents – including veterans and seniors – get over \$3.8 million dollars back in federal benefits.

As a Member of the Judiciary Committee, I have held this corrupt administration accountable and stood up against racist and xenophobic attempts to divide us. And I'll continue working to build an economy that works for everyone.

I'm proud to represent a district rich in innovation, diversity, and compassion. I do not take corporate PAC money because I am here to fight for you and your families, not the wealthy and well-connected. I would be deeply honored to have your vote.

Successful "sanctuary" repeal petitions in Spokane and Burien. Co-founded SaveOurChoice.us to defend consumer choice (petitions to repeal soda tax, bag ban and job-killing wage).

Statement

This is serious! Time to wash our hands of those who would exploit pandemic to "carjack" our medical and drug development businesses. Elect me to Congress to defend America's medical professionals and manufacturers who save lives. Trust MD Fauci.

I will defend your employment opportunities and wages by voting mandatory E-verify to block SSN thieves. I will also defend aspiring tech graduates by halting the abusive flood of H-1B visas (who pay no SS as American workers must). I will defend the quality and supply of medicines by voting to restore U.S. production.

I will defend our wonderful postal workers who serve us daily yet persevere inside our USPS bankrupted by unsustainable parcel contracts, which also undermine our devastated Main Street retail. I will vote to outlaw all robocalls.

For a decade I have volunteered my public service toward abolishing human and narcotics trafficking abetted by "sanctuary" harboring. Leadership efforts include successful citizen initiative petitions in Spokane and Burien. My First Amendment defense of Burien voters is now Supreme Court Petition 19-1219 [respectwashington.us]. In Congress I will block amnesty and its unspoken collateral drain from Social Security by those who defrauded our employment laws. Doubters may review the incumbent's vote to degrade the \$1200 pandemic aid eligibility requirement from SSN down to mere Tax Identification Number (issued to nonresident and illegal aliens) [HR6800 Roll Call 108].

Still, no one congressman can save you from this financial calamity unleashed by deceitful communists. Only you can protect your family by 1) investing in gold and 2) owning a firearm. Our heroes in law enforcement simply cannot replace you taking maximum responsibility for your family's safety during these trying times. Lastly, for Governor, please join me in voting Phil Fortunato whose Senate Bill 6030 would free Washington from the curse of "sanctuary" lawlessness.

How is my ballot counted?

1 Your county receives your ballot

Deposit your ballot in an official drop box by 8 p.m. on November 3, Election Day, or return your ballot by mail — postage paid — but make sure it's postmarked no later than Election Day! A late postmark could disqualify your ballot. The USPS recommends that you mail a week before Election Day.

Election staff will contact you before your ballot is processed if:

- Your signature is missing
- Your signature doesn't match your voter registration record

2

Your signature is verified

The signature on your return envelope is compared to the signature on your voter registration record. If the signature matches, your ballot is accepted and you are credited for voting to ensure only one ballot is counted for you.

3

Envelopes and sleeves are separated

The return envelope is opened and the security envelope or sleeve containing your ballot is removed. They are separated to ensure the secrecy of your vote.

4

Your ballot is reviewed and scanned

The security envelope or sleeve is opened and election staff review your ballot to verify that it can be successfully scanned.

5

Your ballot is counted

After 8 p.m. on Election Day all scanned ballots are tallied. Ballots will be scanned and tallied over the next several days until all the votes are counted.

Statement

The people of Washington are resilient and deserve leadership that reflects their character. Jay Inslee's proven experience in difficult times and his successful economic vision are exactly what Washington needs as we rebuild our economy and help families and businesses recover from the pandemic.

The measure of our leaders is how they respond to unexpected crises. When Washington became ground zero in the country for COVID-19, Governor Jay Inslee met this health and economic crisis head-on, with bold action based on science and guided by public health experts.

The Ellensburg *Daily Record* praised Governor Inslee, writing, "In the moment when he has been tested the hardest, Inslee has stepped up, making the tough calls and providing the leadership needed to get this state through the COVID-19 crisis." The Chair of the University of Washington's Department of Global Health praised Inslee's leadership for "having saved countless lives."

Under Inslee's leadership, Washington recovered from the last great recession to become the country's #1 rated economy, and our state is poised to rebound more quickly thanks to the Governor's progressive policies. Our state has the nation's best Paid Family and Medical Leave, we have expanded health care coverage to 800,000 Washingtonians and created a long-term care benefit for seniors that puts us in a better position to address public health dangers and immediate economic hardship.

Inslee's Career Connect program provides on-site training and apprenticeships for thousands of students who have plans other than four-year college and his investments in forward-thinking renewable energy industries have prepared us to endure and recover from the economic pain so many are now living through.

Governor Inslee's steady leadership and pioneering vision make him exactly the governor we need now to guide us to a better, stronger and more just future for Washington.

The Lieutenant Governor’s most important job is serving as Senate President. As the only candidate who has served in the Senate, I’m uniquely positioned to get results. Statement

As Secretary of State, my most critical responsibility is to inspire public confidence in Washington's elections. We achieve that when access and security are balanced. That's why we created a secure statewide voter registration system to implement accessible same-day voter registration; established the first Elections Security Operations Center to respond to foreign interference and cybersecurity threats; and coordinated the efforts to develop robust state and county continuity of operations plans to respond in a pandemic.

Because Washington is a nationally recognized leader, we have been able to help other states innovate and secure their elections by expanding mail-in voting options during the coronavirus pandemic. I am proud to be the only candidate with elections experience – in fact, I've run over 120 elections in Washington.

This has helped earn the endorsements of all three former Secretaries of State and over 50 Democratic, Republican, and independent County Auditors and Elections Directors. They understand the complexities of this job and share my passion for accessible and secure elections, streamlined business services, open public records, and preserving state history.

Statement

Voting rights and election security are under attack across the country. In a time of persistent voter suppression and election interference, we need a Secretary of State who will boldly defend every vote and every voter.

I'm running for Secretary of State because I have 30 years of experience as a senior defense intelligence and national security analyst defending our country from attacks. I believe that this office needs a new type of leader to protect our election systems and voter information against current and emerging threats.

Currently, our national and state election officials are putting party before our democracy. Our state's top election official has not denounced threats to defund the US Postal Service or condemned dangerous attacks on voting by mail. These threats to election security must not go unchallenged. In contrast, as a legislator I've supported every effort to expand voting rights and have passed bipartisan laws to protect elections and election workers for all of us.

The needs of this office have changed. It's time for a new era in Washington state elections. I am prepared to face these challenges and lead through the uncertain times ahead. I'd be honored to earn your vote.

Statement

I have had the honor of serving as the elected Washington State Auditor for the past four years. I am proud of being the first woman to hold this position. Prior to State Auditor, I served as Pierce County Executive and Pierce County Auditor. I have a proven and tested public record of leadership.

As State Auditor, it is a privilege to lead over 400 employees working across the state to provide fiscal and accountability audits of all local and state governments. We have increased the number of cybersecurity and performance audits, while conducting numerous investigations including uncovering the largest fraud on record.

My vision to "increase trust in government" means greater transparency and accountability of public money. To accomplish this goal, I have created a user-friendly, interactive website that gives you important information about each government that serves you. Having an independent, objective review of public dollars is the hallmark of my work at the State Auditor's Office.

I have been endorsed by many people and organizations, which are listed at my website: www.patmccarthyauditor.com. I am seeking re-election to this important job and ask for your support.

Community Service

I operate an animal rescue called Secondhand Hearts on our farm and also rescue horses from kill pens across Washington.

Statement

The State Auditor's Office deserves someone who will finally unlock its full potential to serve Washington. This position has a vital role in oversight of your public dollars, but it also has the power to perform auditing that can change the way government agencies spend that money more efficiently.

I am the candidate in this race that has the most hands on experience with government auditing and government process at the investigative level. I also have perspective on all types of Washington governments instead of those just within our major cities.

We need an auditor that combines all of this experience with a desire to bring *lean* business practices to the office and to make recommendations in Washington agencies that will create jobs and opportunities across all of our state. Wherever my department can find opportunities for us to spend money on products and materials made by Washington businesses, we will recommend these opportunities be prioritized by our state government.

This November, remember that your auditor should be less about their party and more about their boss: You.

Statement

A fourth-generation Washingtonian, husband and father, Bob Ferguson takes on powerful interests, protects taxpayers, and prosecutes violent crime.

Bob brings more consumer protection cases to court than all previous Attorneys General – and hasn't lost. Bob beat Comcast in trial. Now they're paying millions for ripping off Washingtonians. He's protecting consumers from price gouging by pharmaceutical companies and prosecuting corporations that defraud taxpayers. He made corporations that acted illegally pay more than \$500 million to taxpayers, including \$170 million in direct checks to Washingtonians.

Bob's helping end the backlog of untested rape kits. He's prosecuting child sex predators. He successfully fought for tougher penalties for human traffickers and repeat DUI offenders. He partners with AARP to combat cybercrime. Bob is from a family of veterans. He fought housing discrimination against disabled veterans and provides servicemembers free legal advocacy.

Bob created an Environmental Protection Division to protect clean air and water. He stopped hazardous waste dumping in Puget Sound and protected Washington's coast from offshore oil drilling. Bob is independent. He vigorously enforces campaign transparency laws against both parties. Son of a public school teacher and Boeing employee, Bob works for you – he refuses campaign contributions from large corporations.

Statement

I'm running to be your Attorney General because as a lifelong Washingtonian and father of four little kids, I believe that they deserve a better, safer Washington. Everyone agrees that the homeless situation in our cities has spiraled out of control, and no one is doing anything about it. This is unacceptable! For 8 years, homelessness, drug abuse, and crime have been on the rise. As Attorney General, I will make this a priority! I am dedicated to making sure law enforcement and first responders have the tools, training, and resources they need to do their job well.

As an owner of a 3rd generation manufacturing company, I understand the struggles that Washington businesses face every day, and I will fight to make Washington a more business friendly state. I'm proudly endorsed by a former Washington Attorney General, State Senators, State Legislators, County Sheriffs, First Responders, radio talk show hosts, business owners, community leaders, and many more elected officials from all over the state!

Thanks for your vote — it's time to roll up our sleeves, get to work, and take back our streets and parks!

Hilary Franz

(Prefers Democratic Party)

Elected Experience

Commissioner of Public Lands 2017-present; Bainbridge Island City Council 2008-2011; served on Puget Sound Transportation Futures Task Force; Puget Sound Regional Council Economic Development Board; and Puget Sound Salmon Recovery Council.

Other Professional Experience

Nonprofit Executive Director 2011-2015, developing solutions to statewide natural resource and economic development issues; Attorney, representing communities, local governments, tribes, unions, and nonprofits on agriculture, forests, fish and wildlife, aquatics, and labor issues.

Education

JD, Northeastern University; BA, Smith College.

Community Service

Former board member of Conservation Northwest and Washington Environmental Council.

Statement

Hilary Franz is proud to serve as Commissioner of Public Lands. She is relentless in creating bold, transformational change. As the leader of Washington’s wildfire fighting force, Hilary pushed for new strategies to reach fires quickly and keep them small. She then secured record-setting funding for our wildland firefighters.

Hilary is a defender of our public lands. When the federal government tried to open our waters to offshore drilling, Hilary refused to allow drilling equipment to cross our coastline. In the face of climate change, Hilary is prioritizing wind and solar power and making investments to save our forests.

Hilary leads by bridging divides and bringing people together. She’s earned high marks from leaders across the state, including from conservative leaders in rural Washington, who’ve praised her willingness to solve local issues, increase funding for schools, invest in rural economic development, and tackle our forest health crisis.

Hilary’s Washington roots run deep, from her grandparents’ cattle ranch in Pierce County to raising her three boys on a farm on Bainbridge Island. Endorsed by the Washington State Labor Council, National Women’s Political Caucus, Washington Conservation Voters, Sierra Club, Washington Education Association, and Democratic and Republican leaders across Washington.

Community Service

Statement

Our public lands have been ravaged by natural disasters including tree infestations and forest fires. They’ve also been damaged by a political disaster: state managers that have focused on serving special interest groups instead of providing for taxpayers, school districts, and outdoor recreational enthusiasts.

No more policy-by-press-conference, or angling for higher political office. It’s time for new leadership. Sue is running to bring that new leadership to DNR, the agency responsible for managing our state’s 3 million acres of trust land.

Informed by a lifetime of managing natural resources, Sue will work to ensure that Washington’s working forests continue to provide a steady, reliable stream of income for our public schools. We’ll do this by adopting proven forest management techniques that reduce disease and excess fuel loads in our forests, which accelerate devastating forest fires. Sue will use her experience as a UW and NOAA fisheries and habitat biologist to strike the right balance between protecting wildlife and protecting Washington’s forest economy.

Raised in rural Washington, Sue has a distinguished career in natural resource management, including service as a regulatory liaison for a major hydropower construction project. She has raised two adult children and survived breast cancer.

Statement

Our schools are facing a defining moment. Teachers aren't happy, families are stressed, students are struggling, and the opportunity gap is widening. The delivery of public education has changed dramatically, and we've been forced to adapt. Now is our chance to reimagine a better education system because *the status quo is no longer an option*.

To improve our school system, we need to: use technology to *innovate classrooms* and unlock possibilities for more *personalized learning*; provide school schedules that fit the needs of *working families* and teachers; and teach students key *life skills* like managing finances, living independently, and resolving conflicts.

With kids of my own in public schools, I support parental choice and local control. *The incumbent ignored parents and educators by championing a policy that teaches sexual positions to 4th graders!* Meanwhile, nearly half of Washington's students are failing to meet state standards in core subjects. I am endorsed by parents, teachers, and school board members across Washington because *I respect community input*.

I am running for Superintendent because I believe *our kids deserve better* and can achieve more. If elected, we will update our school system to meet the needs of families, teachers, and the future economy.

Our state is facing difficult budget decisions as the impacts of the shutdown slowed our economy and created record unemployment. As we balance our state budget, our priorities must be protecting our public school system, making sure healthcare is affordable and accessible, and providing a strong social safety net.

This is not a time for partisanship or divisiveness. We need to come together and get people back to work safely, get small businesses growing again, continue attracting world class companies that bring family wages and good benefits, all while protecting the quality of life we enjoy in the Pacific Northwest.

We deserve a Senator who will look out for our interests. I will use my leadership and experience to give our communities the tools needed to thrive; better access to healthcare services, more affordable workforce housing, addressing the climate crisis, and support for students at all levels of education and training.

Our rural communities need practical solutions to create family wage jobs and economic opportunities while protecting our environment and quality of life. I believe government can best serve us by rethinking its one-size-fits-all policies and instead provide ways for communities to enact solutions that work for them.

As we continue to keep our communities safe, I'm leading a regional task force to get our small businesses, farms, families, rural communities, and health services back on their feet. These times require a Senator who will listen to all sides of issues and lead with innovative solutions.

I'm endorsed by Attorney General Bob Ferguson, Congressman Rick Larsen, elected officials from across the state and political spectrum, local firefighters, nurses and teachers, and over 600 community members who appreciate my strong voice for small business, small towns, families, and our rural communities. As one of the only public health professionals in the legislature, I'll make sure we rebuild our economy with safety and confidence, keep our kids in school while protecting the health of teachers and students, and support our nurses, doctors, and hospital workers. Statement

I am running because Olympia needs to be reminded elected officials work for the people who elected them. When I talk with people, they say they are disappointed their representatives have forgotten their powers come from the people they are supposed to be serving...from the "consent of the governed." Not just the ones that are in their party but all the peoples of the state.

As your Senator, I will work to implement the initiatives that you voted for, like the \$30 car tabs. Instead of watching our taxes rise higher and faster than our ability to keep up with them, I will fight to lower them and slow them down. I will work to protect our retirement pensions from losing value and to make owning a home more obtainable. And rents are too darn high!

When Law Enforcement officers can't speak out about injustices they see being inflicted upon the people they serve, and the people are being required to have the states permission to go to church, have peaceful assemblies or even go to work, sounds like tyrannical oppression more than Life, Liberty and the Pursuit of Happiness. Help me fix this, vote for Bernard Moody.

Statement

It was my honor to serve you these past-three legislative sessions. My twenty-three-year military career as a naval officer coupled with executive experience as a mayor has given me a unique perspective on leadership and working with others to accomplish mutual goals.

Growing up in rural Skagit County, I have a deep personal connection to our district and its people. I understand the importance of promoting our farms and businesses. As we rise to a post COVID-19 future, now more than ever, we need people who reflect the values and needs of our rural communities and can provide steady, pragmatic leadership. We must get Washington back to work, ensure that gains made in behavioral health are maintained and that the government works to create jobs and entrepreneurial opportunities by reducing burdensome regulations. 2021 will prove to be a difficult legislative session as we work to find solutions to bring us out of a recession created by COVID-19. I will continue to work across the aisle toward collaborative solutions.

My priorities include reducing tax burdens, continuing to focus on transportation and infrastructure, ensuring decisions in education are kept at the local level and protecting your constitutional rights.

Statement

We need fundamental change and accountability from our elected officials. Large corporations control the time, attention and purse strings of our officials who then prioritize corporate interests over the interests of their constituents. I have listened to the promises of change for decades. Enough is enough! The pandemic has exposed the greed and corruption within our society. Lobbyists continue to defend a healthcare financing system that has produced one of the least healthy populations in the developed world at the most cost! Our system of capitalism and a free market economy has been undermined by politicians who allow it to be controlled by huge monopolies. That is not what our founding fathers envisioned. Those corporations glorify their profits from the earth with no regard for her health. We must and address her needs in order to guarantee life for all our children! Re-electing career politicians and expecting different results has failed. Our country is anemic and needs an infusion of fresh blood, now! Together, we can bring health and recovery within our state and beyond as we send energetic, new leaders to our halls of government. There is a better way! It starts at home in the 39th LD!

Judge Larson has a record of fairness and impartiality, which is why he's enjoyed strong support from Democrats, Republicans, and Independents over his career. During this time of growing division, we need a Justice like Dave Larson.

Statement

I am proud to serve you on our highest court, where I bring diverse judicial experience and a reputation for fairness and common sense--making sure laws are applied without bias or political influence. I have presided over therapeutic drug courts, developed innovative programs for children and families, and managed hundreds of trials, including felony criminal trials and complex civil litigation. I'm committed to ensuring victims are heard and supported.

As Washington's first Native American Justice, I'm proud of my record of accomplishments and appreciate my role as a voice for underrepresented communities. I've worked hard to earn the respect of my peers, those who appear in my courtroom, and voters looking for qualified, impartial, independent judges.

An award winning advocate for children and youth, I've worked to restore young lives rather than create a cycle of incarceration. We must invest in early intervention to deter criminal behavior, providing pathways for success for those who do commit crimes.

My thoughtful approach is reflected by "exceptionally well qualified" evaluations. I'm endorsed by my Supreme Court colleagues, judges statewide, as well as the State Labor Council, Washington Conservation Voters, the National Women's Political Caucus-WA, Women of Color in Politics, and more.

Statement

As Washington's Chief Justice, I am dedicated to upholding the rule of law in a fair and impartial manner. Courts are a critical branch of government, where every person—regardless of circumstance—must be treated fairly, with dignity, and free from bias.

In these challenging times, the fair administration of justice must withstand threats posed by the pandemic and increasing attempts to politicize courts. I work every day to maintain the independence and integrity of our courts, and I trust the people of Washington to elect judges who safeguard access to justice and respect the law.

As the only current Justice from Eastern Washington, I bring important perspectives to the Court. As a former constitutional law professor, I respect legal traditions. As a parent and former school board chair, I understand how court decisions impact Washington families.

My priorities this year include addressing the urgent and critical needs of the justice system during the pandemic: new protocols for remote court hearings, safe courthouse operations, and protection of public safety and the rights of the accused and incarcerated. I have always enjoyed broad, nonpartisan support, and I ask for your vote to continue serving you and upholding the rule of law.

Snohomish County Elections

A Division of the Auditor's Office

Hello,

The 2020 Presidential Election will mark 15 years of successfully voting by mail for Snohomish County voters! Snohomish County Elections has established laws and procedures that guide our process as well as a rich history of working collaboratively with the U.S. Post Office and other partners.

Every registered voter will be sent a ballot to vote and return. There is no polling place to visit, no line to wait in, and no absentee request form to complete and send in. You will receive your ballot in your mail by Oct. 21 and you can vote and return your ballot the very same day!

Voting and returning your ballot early benefits you, our elections workers and our community. Presidential Elections see our highest participation rates from voters.

- Voting early ensures your ballot is received on-time. We then have time to work with you to resolve any issues your ballot might have like a missing signature or a signature that does not match the signature we have in your voter record.
- Voting early keeps you and our elections workers healthy by reducing the number of people waiting in long lines to return their ballot, to vote or to resolve an issue – especially important during this COVID-19 pandemic.
- Voting early allows your votes to be included in Election Night results.

Ballots can be returned through a postal box or a ballot drop box. Both options are safe and require no postage.

If you use a postal box, the U.S. Postal Service recommends mailing your ballot a week before the election. Make sure you check the last pick-up time on the blue postal box you use to ensure your ballot will be picked up and postmarked on or before Election Day, November 3.

The 2020 Presidential Election is important. Your vote will help determine our next elected leaders and the direction in which our country will head.

Vote, return your ballot early, and ensure your voice is heard!

Thanks for voting!

Statement

I am proud to serve my community on the Snohomish County Council. We are living through a transformational period. As Councilmember, I will intentionally elevate voices of those who have historically been left out as we address so many modern challenges. That means prioritizing climate change, racial justice, policing, pandemic response, and ensuring Snohomish County's economy is resilient and stable as our community grows.

The County Council must focus on our growth, including transit-oriented development that will improve traffic and reduce pollution in our community, and managing growth so our government agencies can operate cost-effectively to keep taxes low.

I am running to give the people of Snohomish County an alternative to the divisive partisanship plaguing our government. For too long, rapid growth in our region was mismanaged, resulting in over-crowded schools, inflated property taxes and congested roads.

I am gratified that the relationships I cultivated during my years of service on the Mill Creek City Council and in the Washington State Legislature have allowed me to dive into issues facing our county at this critical time. I am endorsed by labor and environmental groups, job growers, and every County, State and Federal Democrat representing Snohomish County.

Fire District 26 Proposition No. 1

Property Tax Levy for Fire Protection and Emergency Medical Services

The Board of Snohomish County Fire Protection District No. 26 (Sky Valley Fire) adopted Resolution No. 2020-2 concerning a proposition to maintain and adequately fund District operations.

This proposition would authorize the District to restore its regular property tax levy to \$1.50 per \$1,000 of assessed value to be assessed in 2020 and collected in 2021. The funds will maintain and improve fire protection and emergency medical services, replace apparatus, equipment and facilities and provide for firefighter safety. The maximum allowable levy in 2020 shall serve as the base for subsequent levy limitations as provided by chapter 84.55 RCW.

Should this proposition be:

Approved

Rejected

Explanatory Statement

Snohomish County Fire Protection District No. 26 (Sky Valley Fire) provides emergency fire protection and medical services to its citizens. If approved by the voters, this proposition will authorize the District to restore its regular real property tax levy rate to \$1.50 per \$1,000 of assessed valuation in 2020 for collection in 2021 (the current levy is approximately \$1.20 per \$1,000 of assessed valuation). The dollar amount levied in 2020 shall serve as the District's tax levy base and in 2020, absent further voter approval, the tax levy will be subject to the statutory one percent limit.

The District's Board of Commissioners has determined that this proposition is necessary to maintain an effective level of services, fire fighter staffing, equipment and facilities in light of rising costs. Approval of this measure will allow the District to maintain the level of fire protection and emergency medical services provided to its citizens.

Arguments For and Against this measure are on next page →

Statements are printed as submitted.

Argument For

Sky Valley Fire (Snohomish County Fire District 26) continues to see double digit increases in call volume. Through the first half of 2020 we have experienced an 11% increase in emergency calls over 2019. In addition, the Covid-19 Pandemic has increased the cost of responding to all EMS calls. The requirement for social distancing and group gatherings has increased training costs as the department develops innovative ways to train firefighters and emergency medical technicians.

The current funding levy in place now will expire at the end of 2020. This could cause a budget decrease to the fire district revenues if this measure is not approved. The lid lift for the fire levy is not a new tax. This ballot measure is a restoration of the existing tax rate to \$1.50. The 2020 tax rate for the fire department is \$1.20 and the expiring M&O levy is \$0.19. The net result would be an increase of \$0.11 in tax rate per \$1000 dollars assessed value.

As stewards of the taxpayers' dollars, the fire district has adopted a plan that replaces apparatus and equipment without needing to ask for voter approved tax bonds to make these purchases. This plan will only work if the district voters approve to maintain a consistent levy rate. The apparatus and equipment replacement fund saves thousands of dollars each year when compared to voted bonds to make these purchases.

Please approve Proposition 1 with your yes vote.

South Snohomish County Fire & Rescue Regional Fire Authority Proposition No. 1

Establishment of Benefit Charge

Shall South Snohomish County Fire & Rescue Regional Fire Authority be authorized to impose benefit charges each year for six (6) years, not to exceed an amount equal to sixty percent (60%) of its operating budget, and be prohibited from imposing an additional property tax under RCW 52.26.140(1)(c)?

Yes

No

Explanatory Statement

South Snohomish County Fire and Rescue Regional Fire Authority (South County Fire) provides fire protection and emergency medical services.

A benefit charge is not a property tax. A benefit charge is a user fee based on risk factors and the cost of providing fire protection services. The amount of any benefit charge imposed on a specific property cannot exceed the measurable benefits of the services afforded to the property and is subject to appeal before a review board.

Under state law, regional fire authorities that collect benefit charges have reduced taxing authority. Benefit charges can constitute no more than 60 percent of a regional fire authority's annual operating budget, and the maximum property tax rate is reduced from \$1.50 to \$1.00 per \$1,000 of assessed valuation.

The RFA Board of Commissioners has determined a benefit charge is the fairest, most stable, reliable and cost-effective method for financing operations of the RFA and maintaining a satisfactory level of service.

The proposition requests voters authorize the benefit charge to be collected for six years.

Arguments For and Against this measure are on next page →

Argument For

Vote Yes on Proposition 1.

In 2017, the voters in Lynnwood and Fire District 1 approved a plan forming a regional fire authority to improve service for area residents. The regional fire authority is called South County Fire (SCF). Proposition 1 reduces your taxes by \$1.3 million in 2021.

Proposition 1 changes one-third of your fire property tax into a fee based on the fire risk of the structures on your property. The fee is called a Fire/EMS Benefit Charge (Benefit Charge). 95% of residential properties will pay less in 2021 using the Benefit Charge instead of the fire tax.

The Benefit Charge is calculated based on the square footage of your house or building instead of the value of your property. Properties with more fire risk to people and structures, like big stores and apartment buildings, pay more while properties with smaller risk, like houses, pay less.

The Benefit Charge is set yearly by your elected SCF Board of Fire Commissioners. Senior exemptions, low income exemptions, and fire sprinkler discounts all apply to the Benefit Charge. The Benefit Charge cannot exceed 60% of the operating budget of SCF. It expires in 6 years unless the voters reauthorize it.

Many other communities use the Benefit Charge, including: Shoreline Fire Department, Northshore Fire Department (Kenmore), and Woodinville Fire. The Benefit Charge will allow SCF to stabilize funding during the next recession so we can maintain emergency services for you.
